

**WARNING !**  
 For group lifts according to EN81-1 and EN81-2 article 14.2.4.3:  
**NOTE:**For groups of lifts, position indicators on the landings are not recommended.  
 However, it is recommended that the arrival of a car be preceded by an audible signal.

Connections on this diagram are for full collective systems.  
 For simple collective, simple push-button and one-way collective systems connect only one button.

CDH Board Button connections are the same with CFU board.
